Description :

PDF-9ab06 | Winemaking from the vineyard to shipment of the bottled product is a series of challenges for winemaking staff. The introductory narrative of this book is designed to be an overview, from the wine microbiologist's point of view, of those critical junctures in the process (CCPs) that are of concern in wine quality as well as intervention/control programs to address them. The second edition of Win... *Wine Microbiology: Practical Applications and Procedures*
